ELITE DESIGNS

Welcome to Elite Designs

Thank you for your interest in our products! We are convinced that you will find us to be an asset to your company. Building and maintaining relationships with our customers is a vital part of our business. Please feel free to contact us with any questions.

Who We Are

Elite Designs is owned by Jeremy and Norma Yoder. Jeremy's experience with furniture started at the age of seven, watching his dad in his finishing shop. By the age of fifteen, he was designing and building furniture. Today, Elite Designs is a thriving furniture manufacturer producing quality hardwood products. We are a growing company that puts all focus on quality and customer satisfaction. From kiln dried hardwood to finishing, we take pride in creating pieces that can be enjoyed for generations.

Elite Designs is Committed to Quality and Customer Satisfaction

QUALITY CRAFTSMANSHIP

Each one of our employees is committed to focusing on the finer details of each piece as if it were their own. Rest assured that you will receive only the best of quality that you have come to expect in handcrafted hardwood furniture.

QUALITY CONTROL

Everything is done in-house, from cutting the first parts to final assembly. This allows us to have maximum control of quality. We even have our own finishing facility, or we can deliver to the finishing shop of your choice.

TIMELY DELIVERY

We guarantee delivery in 6-8 weeks on standard orders. Quick Ship items deliver to the finish shop in 3-5 business days.

SOLID HARDWOOD CONSTRUCTION

Our furniture is constructed using only the best of kiln-dried hardwoods.

DOVETAILED DRAWERS

Dovetailed drawer boxes that are finished inside and out result in easy cleaning and will hold up for future generations.

OPEN KNOT HOLES

All knots in Rustic wood species are filled with black epoxy unless otherwise specified.

CHEMICAL FREE

All plywood used in our products are CARB 2 compliant, giving you the peace of mind that there are no harmful chemicals to you or the environment.

The Unique Nature of Wood

Wood is a product of nature and acts in ways beyond human control. All hardwood has variations in its color, making each piece of furniture unique.

Most hardwood is open grained, causing it to expand and contract with changes in temperature and humidity. These changes sometimes cause the wood to crack or have small surface checks. This is not abnormal or considered a flaw, but rather brings out the unique nature of solid hardwood.

Indoor humidity should be kept between 40% - 50%. If humidity levels get too low, pieces with paneled construction may experience shrinking that could expose a light or unfinished strip of wood at the edges of the panels. This is normal and will disappear after humidity reaches higher levels.

Always keep solid wood furniture away from direct sources of heating or cooling. Do not store in attics, basements, or outbuildings. Keep out of direct sunlight and away from fluorescent fixtures due to ultraviolet rays, which can cause chemical changes in the wood and finish.

When properly cared for, your solid wood furniture will become a treasure from generation to generation.

Warranty Policy

Elite Designs offers a 2-Year Guarantee on workmanship and materials. If a defect is found within the first two years of the manufactured date, and the furniture has not been abused or improperly cared for, we will repair it at no cost. Customers are responsible for all shipping costs on returned products.

Humidity

Humidity levels need to be kept between 40% - 50% or warranty will be voided.

Warranty Void

We will not honor any warranty on furniture that has been standing in the direct line of any forced air or heat vents, or if furniture has any signs of abuse, neglect, or misuse such as (but not limited to) pet marks, stains from accidental spills, or color changes from direct sunlight or fluorescent fixtures.

Sturdy Act Compliant

Elite Designs cares about you. That's why we go to great lengths to make sure all our clothing storage furniture is Sturdy Act compliant.
