••• About Us

Old Town Oak, LLC offers solid, American handcrafted baby furniture made of various species of wood, including Sap Cherry, Cherry, Red Oak, Brown Soft Maple, White Oak Quartersawn, and Grey Elm. We handcraft our furniture in the heart of Amish Country in Northern Indiana.

Our cribs are sturdy and durable with mortise and tenon joints and a substructure made of steel inserts and connector bolts. Our dressers feature dovetail wood drawer boxes and full extension slides, all features that make sure our baby furniture will stand the test of time.

Having been in business for 19 years, we can offer you the quality cribs and dressers you expect and deserve.

••• Three Stage Bed System

Each crib is designed with a unique three stage system that adjusts with the age or size of your child. Use one piece of furniture for your child from newborn into adulthood. Easily transforms from one stage to the next. Complete instructions included.

••• Quality Craftsmanship

Old Town Oak, LLC furniture is handcrafted in Topeka, Indiana, and every piece is signed by the artisan, Marlin Miller. Tool and hardware kit comes standard attached to every crib spring with easy to read and understand instructions. Panels are specially marked for ease of assembly. All beds are made with mortise & tenon joints, steel inserts, and decorative bronze connector bolts.

All cribs conform to Consumer Product Safety Commission (CPSC) 16CFR1219 and ASTM F1169-19 standards and are up to date with all regulations tested through certified third party labs.
