Welcome

Located in the farm country of northern Indiana, we're a second generation woodworking shop, building hardwood office and occasional furniture since 2000. Each piece is crafted to provide our customers with a beautiful and functional heirloom that can serve generations to come. We love the uniqueness that each piece of wood provides and enjoy creating furniture that showcases the natural beauty that gives hardwood furniture it's unique charm.

Thanks for your interest in our furniture. Please let us know if you have any questions. Our goal is to make sure that our customers are not only satisfied, but excited about the furniture we build!
