L&N WOODWORKING

ADONA

A sophisticated office interior featuring dark wood cabinetry, a large dark door, and a wooden desk with a laptop. The room has a classic, elegant feel with a mix of dark and light wood tones. The large door in the background is a deep charcoal color with a brass handle. The wooden furniture includes a tall bookshelf on the left, a central cabinet with drawers, and a desk on the right. A bust of a classical figure sits on the central cabinet, and a laptop is open on the desk. The floor is made of light-colored wood in a herringbone pattern, and a grey rug is partially visible in the foreground.

The ASPEN Office

As functional as it is beautiful, the Aspen collection is handcrafted from select hardwoods and built to stand the test of time. Solid wood side panels, along with solid wood doors and drawer fronts, are just a few of the features of this style.

FREEMONT MISSION

A photograph of a room featuring a large wooden bookshelf filled with books and decorative objects. The room has a large arched window with light-colored curtains. To the right, a wooden desk is partially visible with a computer monitor and a potted plant. The floor is covered with a patterned rug.

The **FREEMONT MISSION OPEN** Office

Similar to the Freemont Mission collection, the Freemont Mission Open office furniture more closely follows the traditional Mission characteristics with slatted sides, open designs, and 1" square tops. Each piece is available in all solid wood species or in a combination of dark and light woods with a variety of finishes.

The **MODESTO** Office

A large, rustic-style wooden office desk with a hutch. The hutch has two cabinets with solid wood doors and a central open shelf with a book titled "EAT DRINK NAP". The desk surface is made of solid wood and features a calendar block showing "JAN 07 FRI" and a three-tiered paper tray. Below the desk, there are drawers with solid wood fronts and drawers with drawers. A brown leather office chair with a chrome base is positioned in front of the desk. The background is a light-colored brick wall.

Mortise and tenon joints accent the Arts & Crafts styling of the Modesto office furniture. Splayed legs with solid wood side panels, solid wood doors and drawer fronts are just a few features of this style.

**L&N Woodworking...
Distinctive Office
Furniture that Reflects
Your Success and Our
Dedication to Quality.**

For the craftsmen at L&N Woodworking, “good enough” is not part of our vocabulary because our Amish heritage won’t allow it. Native hardwoods are carefully selected and cut to bring out the natural grains. Our office furniture is constructed using tried-and-true methods passed down from generation to generation because our customers have a right to expect the kind of quality, attention to detail, extraordinary beauty and durability we consistently deliver.

We also encourage our customers to be creative by participating in the design process for the office furniture they select. Combining dark and light woods, choosing from a wide variety of finishes and adding hardware of choice make each piece the owner’s masterpiece. Whether for a corporate environment or home office, the furniture occupying it is customized to your design style and shows your good taste.

FEATURES & OPTIONS

* Self Close Hinges are Standard.
Other hinges still available as options.

Available wood species include rustic cherry, quartersawn white oak or brown maple. Other hardwood species are also available by request.

A photograph of a dark-stained wooden desk with drawers. On the desk are several items: a lamp with a white shade and a round base, a small framed photo, a glass globe on a stand, a metal cup holding pencils, two old books with gold-leaf spines, and a stack of papers. The scene is lit with warm, low-key lighting, creating a cozy atmosphere.

CARE & WARRANTY

Natural Wood and L&N Woodworking...

A LIFETIME OF BEAUTY

How to Care for Your L&N Office Furniture

Follow these simple guidelines to keep your handcrafted office pieces as beautiful for the next generation as they are today.

- Wipe away any spilled liquids as soon as you discover them
- Dust frequently with a soft, damp cloth
- Do not use products containing alcohol or acetone directly on the furniture
- Do not use polish containing silicone as it may cause clouding under the finish
- With a small quantity of lemon oil on a soft, lint-free cloth, wipe your furniture down completely and follow with a clean, dry cloth about every two months – don't forget shelves and interiors
- Your furniture should not be exposed to prolonged, direct sunlight
- Keep your furniture away from radiators, heating ducts, fireplaces and any other areas of extreme warm or cold
- Keep environmental temperature and humidity (35-40% is recommended) fairly constant as major changes can cause expansion and contraction beyond the normal characteristics of natural wood – this causes separation of wood joints and cracking

We Stand Behind Our Products and Workmanship

For any piece of furniture made by L&N Woodworking and purchased through one of our authorized dealers, we will repair or replace it if materials or construction are deemed to be the cause of any defect within the first 2 years of purchase. If damage is a result of improper care as outlined in care instructions above, repairs or replacement will be done at the customer's expense. Please contact the dealer from whom you purchased the furniture.
